■The following a few words about Agecut:

The world of Elden acts as a stage where the great adventures of fantasy await. A fantasy where Elden, the only land that stands on the soft soil between the fast-flowing rivers of Mythra and Judea, lives in conflict with Land of Legend. The land of the Elden Lords and the land of the Wizards dwell between these two, and while a fierce battle rages, the world of Elden eternally waits for peace. Our theme, "The silent world that waits for hope." is set in this world of fantasy in which a dream is waiting for one day. At the beginning of our campaign, we will share the beginnings of the story with you, and create the world of Agecut, its characters and the world where the legend will be born. As the system's first title, please look forward to Rise of the youngest and all the characters unique to Agecut, which will surely make you experience a first-class fantasy RPG.
