

Jazz Guitar Voicings Randy Vincent Pdf 35 |VERIFIED|

"randy is the man!" this book is destined to be a jazz guitar bible. it's rare that i'll send people books to read. but this is one of those books. this book is essential for jazz guitarists to enjoy. and it works. steve slaton besides being a great lesson book, "three-note voicings" is a real resource for jazz guitar. the voicings in the book are impeccable, very inspiring and full of surprises, in every aspect. this is a book to be shared and digested. please get this book! pedro s. maroto i purchased this book for guitar lessons when i was in the seventh grade and i have played guitar for more than 35 years. i have studied dozens of different books to master the basics of guitar playing and i have purchased dozens of different books to learn to improvise. this book is the only one that has ever taught me the real secrets of chord melody playing. for first time guitar students and professionals alike, the "drop 2 voice" is a universal technique and essential technique in melody playing. i recommend all guitar students start with this book because it will provide you with everything you need to get started! from the back cover: "a lesson in music and sound theory. aaron smith and sam llanos have teamed up to create a book that is both ideal for new guitarists and the seasoned professional. " "a study of the instrumental approaches and techniques of guitarists wes montgomery, wes montgomery and george benson. " "a unique distillation of theories and harmonizations that allows artists to play actual chord melody in a way that was never heard before. " "drop 2 voice contains the most basic principles of music, plus a host of advanced chromatic harmony and harmony technique to enable the listener to truly recreate the melodies of songs on guitar. " "the possibilities of harmony and melody on guitar have never been explored the way they can be with the drop 2 voice."
